Commissions are paid out as a percentage of the Net Revenue.

$NGR = [(Bets - Wins) * Admin\ Fee\%] - (Issued\ Bonuses - Canceled\ Bonuses) - (Positive\ Corrections - Negative\ Corrections) - Casino\ Taxes$

The Net Revenue share percentage is determined by the amount of new depositing customers referred by the Affiliate within the month the commission is paid for.

Number of new depositing customers – Affiliate share

- 0-5 -25%
- 6-10 -30%
- 11-20 -35%
- 21-40 -40%
- 41+ -45%

The amount of commission earned when reaching a tier will apply to all customers, also those referred to reach that tier.

7.1 If a qualified player wins money and the revenue share in a particular month becomes negative, a negative balance will not be carried forward to the following month or to successive months, and there shall be no deductions to the revenue share of successive months (exception: individual players who win more than EUR 5,000 in a single month are quarantined the following month and excluded from commission calculations until they become “positive” players again).

For the avoidance of all doubt, for any period where the Company applies the Minimum Volume Amount to any Affiliate account, the payments shall be made for those periods in accordance with this clause and such payment shall be in full and final settlement for the relevant periods.
